7. Review and approval of Veteran Honor Roll applications submitted as of Friday 8/26/16.
8. Discuss the approval of using the Patch calendar for future fundraisers.
9. Approval of adding a line to the application to read:

"Check this box only if you served during a war/crisis era but do not want a wartime icon associated with your name."

Justification for this is Veterans that I have talked to have said they are hesitant about filling out an application because they were not actively part of the war. I told one man that the icon did not have to be associated with his name because I am entering the data and I would put a note about it. He filled out an application.
